MOISTURE ABSORBER MOISTURE MAGNET

FOR A COMFORTABLE HOME

PRODUCT DESCRIPTION

Moisture Absorber combats moisture, condensation and stale smells. For a comfortable home. Contains powerful Moisture Magnet tab.

FIELD OF APPLICATION

Combats condensation, damp and stale smells. Moisture Absorber is odorless, soundless, doesn't use energy and is easy to refill. The moisture absorber reduces a too high relative humidity level in all closed spaces with little or no ventilation. Ideal for basement, garage, attic, closet, caravan, boat, shed etc.

PROPERTIES

- Suitable for all refills: tabs, refill bag and loose salt
- Protects your valuables against moisture
- Does not cost any energy
- Refreshes the air
- Clean in use
- Includes powerful Moisture Magnet tab

PREPARATION

Personal safety: Wear protective gloves.

APPLICATION

Coverage: 450g works for approximately 3 months in a room up to approximately 45 m^3 and absorbs approximately 0,5 litres of water, depending on the temperature, humidity and size of room.

Directions for use:

INSTRUCTIONS FOR USE – REPLENISHING WITH REFILL BAG OR MOISTURE MAGNET: Cut the packaging open carefully and take out the refill Bag or Moisture Magnet. Remove the lid from the device and place the refill Bag or Tab in the container. Attention: make sure the bag does not stick outside the device. Replace the lid and Moisture Absorber is ready for use. Place the device on a solid and stable surface. Moisture Absorber is easy to empty once the salt has completely dissolved (dispose the empty refill bag). See separate instructions for emptying the device. Replenish with a new refill. INSTRUCTIONS FOR USE – REPLENISHING WITH CRYSTALS Cut the packaging open carefully. Remove the lid from the device and evenly distribute the crystals in the container untill the 'MAX' indicator. Replace the lid and Moisture Absorber is ready for use. Place the device on a solid and stable surface. Moisture Absorber is easy to empty once the salt has completely dissolved. See separate instructions for emptying the device. Replenish with a new refill. EMPTYING THE DEVICE Open the device indoors over the toilet and empty the reservoir. Rinse the toilet well with water. Important: Spilled liquid can cause staining. In case of stains wash immediately with plenty of water and dab thoroughly dry. Repeat if necessary. Avoid contact with leather and metal: these materials are at risk of damage.

Stains/residue: Spilt fluid can cause surface marks. If fluid is spilt, it should be cleaned immediately using large volumes of water and dabbed repeatedly until dry. Avoid contact with leather, wood, stone and metal, as these materials can be affected negatively.

Advice: Always place the Moisture Absorber Original on a flat and stable surface.

Points of attention: At lower temperatures the Moisture Absorber works more slowly. Increasing the temperature will speed up the working again. Avoid contact with leather, wood, stone and metal, as these materials can be affected negatively.

TECHNICAL SPECIFICATIONS

Chemical base:	Calcium chloride
Colour:	White
Scented:	Yes

STORAGE CONDITIONS

Store in well-sealed packaging in a cool, dry and frost free place.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
